

## NORTH HUNTINGTON BEACH COMMUNITY NURSERY SCHOOL

To Whom It May Concern:

North Huntington Beach Community Nursery School (NHBCNS) is a parent participation preschool or “co-op” that serves children ages 2-6 years old. At NHBCNS, children have daily opportunities to build, create, solve problems, get messy, and take risks—all in an environment that is caring, interesting, aesthetic, and filled with wonder. Our yard is set for adventure with abundant space, lots of sand and water, changing gardens, and trees to climb. We even host a natural habitat for monarch butterflies! We use child directed, play based instruction that centers on experience and discovery to help promote **social, physical** and **intellectual** development in our children.

NHBCNS is a non-profit preschool that relies mainly on tuition and fundraising events to support the financial operations of the preschool. Our finances are tight and any donation, large or small, would be of incredible benefit to our students.

On behalf of North Huntington Beach Community Nursery School, I would like to thank you for your time and consideration. Your support of our children and this valuable program would be so greatly appreciated. Thank you again.

**Our Federal Tax ID number: 95- 2494787**

Warmest Regards,

Vanessa Collett

NHBCNS, Director
